

Blue Bird Corporation
Conflict Minerals Policy Statement

Blue Bird Corporation (“Blue Bird” or the “Company”) supports the goals expressed by Congress in enacting Section 1502 of the Dodd-Frank Wall Street Reform and Consumer Protection Act: to help end the human rights abuses in the Democratic Republic of the Congo and adjoining countries that are being financed by the exploitation and trade of “conflict minerals” by armed groups in the region. Congress and the U.S. Securities and Exchange Commission have defined “conflict minerals” as gold, tantalum, tin and tungsten.

Blue Bird is committed to complying with the reporting and due diligence obligations required by Section 1502 and SEC rules. The Company intends to conduct an inquiry of its suppliers to determine the source of any conflict minerals used in its products or components. Blue Bird’s suppliers, in turn, will be required to conduct the same inquiry with their own suppliers. Blue Bird intends to evaluate its relationships with its suppliers after analyzing the results of its due diligence efforts. The Company’s goal is for its products and components to be DRC conflict free.

As recommended by the OECD Due Diligence Guidance, Blue Bird has established a grievance mechanism as a risk-awareness system for conflict minerals issues. Stakeholders can communicate directly and confidentially with our VP of Legal at pyousif@blue-bird.com or anonymously by leaving a message on our whistleblower hotline at (478) 822-2751.
